Call Loans Easy Again, Closing at 3 Per Cent.-Local Markets Show Improvement.

At New York yesterday money on call was easy at 3@5 per cent.; last loan, 3; closed, 3. Prime mercantile paper, 4@9 per cent. Sterling exchange was steady, with actual business in bankers' bills at \$4.89@4.89% for demand and \$4.874@4.87% for sixty days;

posted rates, \$4.88@4.89 and \$4.90@4.901/2; commercial bills, \$4.861/2. Bar silver, 66%c; silver certificates, 67%@ 671/2c; Mexican dollars, 52%c. At London bar silver was 30%d per ounce.

Total sales of stocks were 171,900 shares, including the following: American Sugar, 28,800; American Tobacco, 9,500; Atchison, 3,400; Burlington, 8,400; Chicago Gas, 3,700; General Electric, 3,300; L. & N., 6,000; Manhattan consolidated, 3,600; Missouri Pacific, 3,500; Reading, 6,500; Rock Island, 3,900; St. Paul, 31,900; Southern railroad, 4,700; Southern railroad preferred, 6,600; Tennessee Coal and Iron, 4,300; United States Leather preferred, 4,300; Western Union, 7,200. The stock market yesterday cut loose

from the foreign influences that have recently affected it. The speculation was decidedly less feverish than heretofore, and the volume of business showed diminished activity by the bear leaders. Previous to the opening London cables reported increased tension in European political circles and fractional declines in American securities at that center. Nevertheless, home prices moved sharply upward during the first hour of business, with the appreciation most marked in the grangers, Louisville & Nashville and the high-priced industrial shares. The market was strengthened by the reported deposit of \$500,000 in gold in exchange for greenbacks by a national bank. It developed later that the gold was simply deposited for examination, and would not figure in the treasury reserve. The absence of applications for clearing-house loan certificates by the banks, and an easy condi tion of the call money market, also had a favorable effect. The market received a setback after 11 o'clock on selling for both accounts, but the bulis soon reasserted themselves, and the upward movement was resumed, around 1 o'clock, under the stimulus of sharp advances in the anthracite coalers. | nut. \$2.50; Blossburg coal, \$4.50; crushed The improvement in this group was inspired by the formal announcement that the Delaware & Hudson Canal Company would maintain the 7-per-cent, annual dividend rate on the stock in the current year. It is officially stated that the company earned in 1895 about 61/2 per cent, and that the de-ficiency will be made up out of surplus earnings. The stock rose an extreme 3 per cent. It had been alleged that the company referred to, in common with the other coalers, would, on account of the poor condition of the anthracite industry last year, fall severely below the normal dividend amount. It is understood that the largely increased earnings of the railroad almost counterbalanced the falling off in revenue in the coal department. In ordinary years the results would be reversed. Sugar was manipulated upwards, partly in connection with a resolution of the stockholders at the annual meetagement. Aside from the coalers, the im- gal., 95c@\$1; oil, bergamot, per lo, \$2.75; provements in the active shares ranged from to 2 per cent. The grangers were bought freely for local and St. Paul and other shares for foreign account on reports of a freer movement of corn. A feature of the market lending strength was a revived sharp inquiry for investment bonds. No gold was engaged for export on Saturday, but \$200,000 in coin was withdrawn, presumably for Canadian account. The total amount of gold deposited at the subtreasury was \$700,-900, none of which, as far as can be learned. was for treasury reserve account. In the late dealings there was a sharp reaction, in which liquidation in Manhattan caused a

LOCAL GRAIN AND PRODUCE. Trade Gradually Improving-Eggs,

Poultry and Sugars Lower. On the wholesale streets, since the new year, each day has shown some improvement in business. Still, through this month and early February no great volume of trade is looked for. The steadiness to prices is a feature. In staple groceries only sugars are unsettled. Dry goods, provisions, drugs, iron and leather rule steady. The hide market has an advancing tendency still. On Commission row prices rule much as for some days past. Eggs drop back to 18c on large receipts, and poultry, with the exception of turkeys, is weak in tone on increasing receipts. Other markets are with out feature. In the local grain market something is loing. Receipts are heavier than ten days ago. Certain grades of wheat and corn are

BOTH LOCAL AND FOREIGN NEWS TENDED TO DEPRESS WHEAT.

Corn in Better Demand and Slight Gain Scored-Provisions Strong, All Lines Advancing.

CHICAGO, Jan. 8.-There was heavier trading in the grain markets to-day than for some time past and fluctuations were rapid. The sombre foreign stock outlook at first exercised a powerful influence, but as later news was more pacific the markets.

The sombre foreign stock outlook at fibs, 5.62½c; shorts, 5.75c. Dry-salt meats—Boxed shoulders, 4.50c; longs, 4.75c; ribs, 4.87½c; shorts, 5c. Receipts—Flour, 4.000 later news was more pacific, the markets yielded more to ordinary influences and eased off. Wheat opened irregularly at 61@60%c, sold to 61%c and closed at 60%@ 6014c, a loss of %c compared with last night. Corn held its strength better and closed 14c higher at 2914c, while oats lost its early gain and closed practically unchanged at May, 34%c; steamer, mixed, 32@32%c. Re-194c. Provisions made substantial gains. Pork showed an advance of 271/2c, lard .05 and ribs, 121/2c.

Wheat opened strong, but very irregularly and under some little excitement. The first transactions in May were made over a range of 1/2c per bu, or at from 60%c up to 611/2c. Only one or two trades were effected at the top and bottom prices, the bulk of the transactions during the first few seconds having been at 60%c. The price rose and fell for an hour in mighty swells of active trading between 601/2061c, but after the first fifteen minutes of the session the tendency for the remainder of the hour was generally downward. The opening strength was the expression of the doubt in the minds of the operators regarding the possibility of an Anglo-German war. After the opening struggle around 60%@61c, there was a gradual decline to 60%c and that was followed by a recovery to 6lc again, due to a report issued by Statistician Thoman, which gave the condition of the winter wheat plant in the six States which grow it most largely at 78.1, against 84.4 on Dec. 1, and adding that 78.1 is the lowest status of the plant ever recorded in the month of January. But the upward movement roused some of the big shorts to make a hot fight against the advance and a great volume of long wheat came on the market and the advance was checked. The news, too, turned less bullish; consols recovered all the early decline and the later cables quoted wheat lower and the Argentine advices reported clearing weather and said that Argentine wheat was offered in London to arrive at lower prices. With this the market here soon became heavy and many of the early buyers began to sell out and it did not take long for the price to go off 1c from the top and 1/2c below the close last night. The market was quiet, but steady during the last hour, May holding at 60%@60%c, but without much business and closed at 60%@60%c.

Corn opened strong under the continuation of the warlike political situation in

Europe. It acted very nervously for about two hours and fluctuated rather wildly. May, which closed yesterday at 28%c, started at from 29c up to 294c and rose excitedly to 29%c. Calls for the day came into play at the advance and selling against those privileges brought about a gradual, but irregular decline. The bulk of the selling after 12 o'clock was at from 294@294c, and it closed at 294@294c. Cash corn brought 1/2c a bu more than it did yester-

Oats were strong in sympathy with the better feeling in corn, but most of the early gain was lost. May sold from 20@ 20%c and off to 19%@19%c split. Provisions started firm and maintained that condition all day. The same influences which had started wheat and corn were at work in the hog products market and, unlike the traders in grain, the provision men kept up the good demand with which they inaugurated the business of the day until the session was over. Hog receipts were even heavier than the

heavy number estimated yesterday for today, but the reports from the yards were that every one wanted hogs at yesterday's prices. The day's run was 44,000 head and 5,000 is the estimate for to-morrow. Offerings of products were light and that was a feature of the entire day's trading. The day's advance in pork was 25@271/2c; in lard, .05@.071/2c; ribs, .121/2c. Estimated for to-morrow-Wheat, 65 cars corn, 375 cars; oats, 135 cars; hogs, 45,000

BOSTON, Jan. 8.-The American Wool and Cotton Reporter will say to-morrow of the wool trade: The sales in the three principal markets have amounted to 6,699,300 pounds, of which 2,912,500 pounds have been domestic stock and 3,786,800 pounds foreign. A comparatively quiet week was to be expected after the remarkable activity of Christmas week, there has, however, been a very fair amount of business done. A fair demand exists for most kinds of domestic and foreign wool and the market is from every point of view as strong as it was on the last day of December. In Boston the sales this week have amounted to 3,000,000 pounds, of which 1,318,800 pounds were domestic. The sales in the corresponding period of 1895 were 2,354,950 pounds. This market, from every

READY FOR EVIDENCE

MURDER TRIAL.

Prosecutor Wiltsie Opens the Case for the State with an Outline of What He Will Prove.

The first evidence in the case of Alonzo Rooker, on trial in the Criminal Court for the murder of his wife, Margaret Rooker, will be taken this morning. Late yesterday afternoon the attorneys settled on the twelve men who are to try the case. It required two days and a half to finally select the jury. An attorney, who has been present in the court room since the case was called Monday morning, said yesterday that at least three excellent juries could have been determined upon in half the time. Both sides examined nearly a hundred men before they could agree upon a jury. Fifteen peremptory challenges were had on each side, the law allowing twenty. The men who are to try the case are: Louis G. Twente, Jacob S. Wood, Thomas F. Brown, George J. Miller, Chris Milburn, Allie J. Campbell, William R. Wycoff, Millard F. Connett, Alphonso N. Catton, Richard Sellers, John F. Craft and Charles Roberson.

The jury was accepted at 4 o'clock yester-All day the court room was packed with a morbid crowd of listeners. The crowd is a strange mixture of classes. Until yesterday afternoon the crowd was composed mostly of men. After dinner the south gallery was thrown open to the women, and the chairs were quickly filled. Many of the women were well dressed. They pressed close to the balustrade and gazed curiously at the wife murderer, seated with his attorneys

"You bet the women always come to court when a man's on trial for killing his wife,' observed a gallery bailiff as he let in a new delegation of femininity. State's Attorney Wiltsie began with his opening statement of the case soon after he jury had been impaneled. He put the case strongly and clearly before the jurors.

After defining the crimes of murder and manslaughter, he launched into the details of the Rooker tragedy. The accused listened intently to the words of the prosecutor, but was apparently unmoved. Mr. Wiltsie followed the lives of the Rookers from the time of their marriage down to the night of the tragedy and the subsequent ar-rest of the murderer. He dramatically pictured the scenes in the little Rhode Islandstreet house where Rooker murderously at-tacked his wife and her friend, Emma Pees. The State will show, the prosecutor said, that Rooker was not insane when he committed the deed; that the murder was premeditated and emanated from a heart full of anger, passion and revenge; that Mrs. Rooker left her husband to keep the wolf from the door, and that the accused had time and again gone to her home after their separation and was supplied with food pur-chased with her hard-earnd funds. Mr. Wiltsie's opening statement was not con-clued until after 5 o'clock, the hour of ad-

journment. HORTON DAMAGE CASE.

Plea in Abatement, Claiming Settlement, Overruled. The damage suit of Lulu May Horton against the Citizens' Street-railroad Company was called for trial in Room 3, Superior Court, yesterday. Mrs. Horton was hurt while alighting from a Haughville car at Belmont avenue in September, 1894. Two days after the accident she settled with the street-car company for \$150, but it was afterward charged that the settlement was fraudulently procured. It was shown that claim agent Bruce, of the street-car company, called on Mrs. Horton at her home while she was suffering from the accident DAILY VITAL STATISTICS-JAN. 8. and while under the influence of oplates and secured her signature to an agreement Afterward she brought a suit for \$19,000 against the company. The defendant's attorneys moved to dismiss the case on the ground that Mrs. Horton's claim had already been adjusted, but Judge Bartholomew refused to sustain the motion. A host of witnesses are to be examined and the case will probably run several days.

Fell Into a Hole-Damages, \$3,000. Henry A. Ruske, in a suit for damages against James Sutherland and Cicero Selbert, makes the city of Indianapolis a codefendant. Sutherland and Seibert, he avers, recently moved a house from the corner of Market and New Jersey street, leaving a deep excavation, which undermined the sidewalk. July 20, 1895, the sidewalk gave way with the plaintiff, precipitating him into the hole and badly injuring him. He estimates his damages at \$2,000.

The Ceiling Fell on Her.

Carrie Brown has sued George Carter, the owner of a building at No. 34 East Washington street, and R. M. Foster, who occupies the building with a restaurant. The plaintiff says she was employed as an assistant in the kitchen of the restaurant and while engaged in her duties was struck by a large piece of plastering, which fell from the ceiling. She says she was perma-nently injured and demands \$5,000.

Probate Matters. The will of Minnie Boettcher was admitted to probate yesterday.
